That the application for a restoration of heritage listed cottage and construction of a second dwelling be approved subject to the following conditions:

Advisory

1. To confirm and clarify the terms of this approval, the development shall be carried out in accordance with the approved stamped plans (prepared by Graham Edds & Associates numbered B16-3 dated November 1999 and Schedule of Works dated 24 November 1999, plans prepared by New England Country Homes numbered SKI-0 AND SK2-0 dated 7 July 2000) submitted with Development Application No. M1985/99 and any supportive documentation, except as otherwise provided by the conditions of this consent.

Note: modifications to the approved plans will require the lodgement and consideration by this organisation of a separate application pursuant to Section 96 of the Environmental Planning and Assessment Act, 1979.

2. The building shall comply with the requirements of Council's "Bush Fire Mitigation Policy" for development within a high fire risk zone (copy attached).
3. Compliance with the provisions of the Environmental Planning and Assessment (Amendment) Act 1979, and the Building Code of Australia.
4. Prior to construction of the approved development it is necessary to obtain a Construction Certificate.
5. All exterior works relating to the heritage listed cottage as amended in plans and schedule of works prepared by Graham Edds & Associates are to be finished within 6 months of the occupation of the new residence.

Prior to Issue of Construction Certificate

The following conditions in this section of the consent must be complied with or addressed prior to the issue of any Construction Certificate relating to the approved development, whether by Council or an appropriately accredited certifier. In many cases the conditions require certain details to be included with or incorporated in the detailed plans and specifications which accompany the Construction Certificate. **The Construction Certificate shall be obtained prior to the commencement of any earth works or building works.**

6. A monetary contribution is to be paid to Council, pursuant to Section 94 of the Environmental Planning and Assessment Act 1979, towards the provision of the following public facilities in the locality:

|-----|---------------------------|----------|
| (a) | Open Space and Recreation | (\$899) |
| (b) | Community Facilities | (\$1375) |

The above contributions have been determined in accordance with Hawkesbury Section 94 Contribution Plan. A copy of the Contributions Plan may be inspected at Council's Offices, George Street, Windsor.

Contributions are to be paid prior to issue of the construction certificate.

The amount of contribution payable under this condition has been calculated on the basis of costs as at the date of consent. In accordance with the provisions of the Contributions Plan, this amount shall be INDEXED at the time of actual payment in accordance with movement in the Consumer Price Index as published by the Australian Bureau of Statistics. In this respect the attached fee schedule is valid for 3 (three) months.

7. Details to be provided of the access driveways in the vicinity of the heritage item. These are to include paving materials.
8. Submission of details in relation to the proposed landscaping to be implemented in the vicinity of the heritage item. This is to include the earth mound adjacent to the Bowen Mountain Road frontage. The mound details are to include cross sections and planting details.
9. Separate practising Structural Engineer's details of all structural concrete and steelwork shall be lodged prior to issue of construction certificate.
10. A septic drainage system shall be provided and a separate application shall be lodged with Council for approval of the septic tank installation.

Prior to Commencement of Works

11. The applicant or person having the benefit of this development consent must give at least two days notice prior to commencement of works to Council of the intention to commence works. This notice is to be given in accordance with form 7 of the Environmental Planning and Assessment Regulation 1998.
12. The applicant shall advise Council of the name, address and contract number of the principle certifier, in accordance with Section 81A 4(b) of the Environmental Planning and Assessment Act, 1997.

13. Erosion and sediment control devices are to be installed and maintained to ensure that there is no increase in downstream levels of litter, vegetation debris or other water borne pollutants in accordance with Council's Development Control Plan 1/94 - Soil Erosion and Sedimentation.
14. Sanitary accommodation shall be provided for workmen throughout the course of the building operations in accordance with the Local Government Act 1993 and the Environmental Planning and Assessment Act.
15. Building work that involves residential building work (within the meaning of the *Home Building Act 1989*) must not be commenced unless the principal certifying authority for the development to which the work relates:
 - (a) in the case of work to be done by a licensee under that Act:
 - (i) has been informed in writing of the licensee's name and contractor licence number, and
 - (ii) is satisfied that the licensee has complied with the requirements of Part 6 of that Act, or
 - (b) in the case of work to be done by any other person:
 - (i) has been informed in writing of the person's name and owner-builder permit number, or
 - (ii) has been given a declaration, signed by the owner of the land, that states that the reasonable market cost of the labour and materials involved in the work is less than the amount prescribed for the purposes of the definition of owner-builder work in Section 29 of that Act

and is given appropriate information and declarations under paragraphs (a) and (b) whenever arrangements for the doing of the work are changed in such a manner as to render out of date any information or declaration previously given under either of those paragraphs.

Note: A certificate purporting to be issued by an approved insurer under Part 6 of the *Home Building Act 1989* that states that a person is the holder of an insurance policy issued for the purposes of that Part is, for the purposes of this condition sufficient evidence that the person has complied with the requirements of that Part.

16. A sign must be erected in a prominent position on any work site on which the erection or demolition of a building is being carried out:

This is Page 6 of the Minutes of the GENERAL PURPOSE COMMITTEE MEETING of the HAWKESBURY CITY COUNCIL held at the Council Chambers, Windsor, on 3 October 2000.

- (a) stating that unauthorised entry to the work site is prohibited; and
- (b) showing the name of the person in charge of the work site and a telephone number at which that person may be contacted outside working hours.

This condition does not apply to:

- (a) building work carried out inside an existing building; or
- (b) building work carried out on premises that are to be occupied continuously (both during and outside working hours) while the work is being carried out.

17. The name and licence number of the licensed contractor/builder who has been contracted to do or intends to do the work must be submitted to Council in writing by the owner prior to the commencement of any work relevant to this approval.
18. The submission of a Certificate from Telstra Australia that satisfactory arrangements have been made for the provision of cables for telephones to the development.
19. The following documentary evidence is to be obtained prior to the issue of any Construction Certificate, whether by Council or an accredited certifier:
 - (a) A written clearance from Integral Energy, stating that electrical services have been made available to the development or that arrangements have been entered into for the provision of services to the development.

Separate documentary evidence from Integral Energy shall be provided stating that the requirements of that Authority have been met with regard to the nearby high voltage transmission line.

During Construction

20. All building work must be carried out in accordance with provisions of the Building Code of Australia.
21. Inspections shall be carried out and compliance certificates issued by Council or an appropriately accredited person for the following components of construction:
 - (a) erosion controls, site works and site set out;
 - (b) piers;
 - (c) steel reinforcement;

- (d) framework, after the installation of all plumbing, drainage and electrical fixtures, and after the external cladding and roof covering has been fixed prior to fixing of internal linings and insulation;
 - (e) wet area flashing, after the installation any bath and shower fixtures;
 - (f) internal drainage lines prior to covering;
 - (g) external drainage lines, prior to backfilling;
 - (h) on completion of the structure.
22. The roof space shall be well sarked using an approved flame retardant sarking material, in accordance with AS 3959-1991 for tiled roofs.
23. All demolition, construction and associated work necessary for the carrying out of the development being restricted to between the hours of 7.00am and 6.00pm on Mondays to Fridays and between 8.00am and 4.00pm on Saturdays.
24. No burning of demolition or construction material being carried out on the site.
25. The site shall be kept clean and tidy during the construction period and all rubbish shall be removed from the site upon completion of the project to the satisfaction of this office.
26. A sign is to be erected adjacent to the access point to the site for the duration of the site works stating the following:
- (a) owner of site and address;
 - (b) person/company carrying out site works and phone number;
 - (c) consent number and date of approval; and
 - (d) approval duration of site works.
27. The dwelling shall be provided with on-site water storage vessels of minimum 60,000 litres capacity, a draw off line with a 38mm Storz fitting and foot valve shall be installed in the water tank and shall extend to the base of the water tank for bush fire brigade access. The domestic line shall terminate, retaining a minimum 10,000L permanently in the tank.
28. The proposed waste water treatment systems are to be installed in accordance with report from Blue Mountains Geological and Environmental Services Pty Ltd dated June 2000.

Prior to Issue of Occupation Certificate

29. All ventilation openings, including opening external windows and doors, shall be protected with metal gauze to prevent the entry of sparks and fire brands in the event of bushfire.

**158: Truck Depot at Lot 5 DP620743 No. 166 Cedar Ridge Road, Kurrajong
(M1005/00/EVD/ENJ03NAX.V10)**

Mr L Wells, applicant, addressed the Committee.

Mr Ray Barnard and Mrs Hooper, objectors, addressed the Committee.

RESOLVED on the motion of Councillor Conolly seconded by Councillor Finch

That:

Approval be granted for a Truck Depot at No. 166 Cedar Ridge Road, Kurrajong, Lot 5, DP 620743 subject to the following conditions:

Advisory

1. To confirm and clarify the terms of this approval, the development shall be carried out in accordance with the approved stamped plans (numbered Plan A) submitted with Development Application No. M1005/00 dated 3/7/00 and any supportive documentation, except as otherwise provided by the conditions of this consent.

Note: modifications to the approved plans will require the lodgement and consideration by this organisation of a separate application pursuant to Section 96 of the Environmental Planning and Assessment Act, 1979.

2. Compliance with the provisions of the Environmental Planning and Assessment (Amendment) Act 1979.

The Use of the Site

3. The property is to be used for parking of only one (1) truck and any machinery is to be kept wholly within or behind the existing shed as nominated on the approved stamped plans.
4. All servicing of the machinery is to be carried out wholly within the existing shed.
5. To ensure that the external appearance of the site is not intrusive or offensive, and does not degrade the visual quality of the surrounding area, no materials, goods or vehicles to be stored between the existing shed and the street alignment.
6. The subject development, including landscaping, is to be maintained in a clean and tidy manner.

GENERAL PURPOSE COMMITTEE

Minutes

Meeting Date: 3 October 2000

Page 13

7. The spillage of light, if any, shall be controlled so as not to reduce the amenity of adjoining residences.
8. In order to protect the amenity of the neighbourhood and the development, where machinery are stored outside the building, they are to be screened from view from any public place and adjacent premises. Details of method of screening (eg landscaping) are to be provided to Council for approval
9. The area to be used for the approved development being limited to the area shown on the submitted plans.
10. Repair, servicing and maintenance carried out on the site is to be limited only to the truck and machinery associated with the business.
11. The site is not to be used as a "car repair station" as defined in Hawkesbury Local Environmental Plan 1989.
12. All landscaping shall be permanently maintained in a good condition and in accordance with the intent of the landscaping plan.
13. Operating hours for the movement of the truck shall be limited to Monday to Saturday, the truck is not permitted to be started prior to 7am and shall be returned to the property before 6pm. The truck is only permitted 10 minutes after start up of the engine to leave the property and 5 minutes upon return.
14. The truck when parked on the property is to remain in the area directly adjacent to the existing shed.
15. All waste materials to be stored and disposed of at regular intervals.
16. The development shall be conducted in such a manner that noise levels measured at any boundary do not exceed 5dB(A) above background noise levels. This does not include the trucks entering and leaving the property
17. No advertising structures to be erected, displayed or affixed on any building or land without prior approval. Any unauthorised advertising structure will be removed at the expense of the advertiser.
18. No signs shall be displayed on the footpaths, pedestrianways, roadways or in the vicinity.
19. Any areas used for the storage of fuel or the like are to be contained within a suitable bunded storage area capable of holding 110% of the largest storage container.

**159: 2 Lot Subdivision - Lot 1 DP749638 No. 201 Mahons Creek Road, Yarramundi
(M989/00/EVD/ENJ03NAX.V06)**

Mr Cambridge, representing the applicant, addressed the Committee.

A motion was moved by Councillor Rasmussen seconded by Councillor Allan

That this matter be deferred.

The motion was lost.

RESOLVED on the motion of Councillor Sheather seconded by Councillor Paine

That the application be refused for the following reasons:

1. The proposed subdivision does not comply with clause 11(2)(b) of Hawkesbury Local Environmental Plan 1989.
2. The proposed subdivision is inconsistent with the aims and objectives of Hawkesbury Local Environmental Plan 1989.
3. The proposed subdivision is inconsistent with objectives (a) and (d) of zone 1(b) (Rural "B") of Hawkesbury Local Environmental Plan 1989.
4. The proposed subdivision is inconsistent with the aims of Regional Environmental Plan No. 20 - Hawkesbury-Nepean River (No. 2 - 1997).
5. The proposed subdivision is inconsistent with clauses 6(1)(3)(6)(9) of Regional Environmental Plan No. 20 - Hawkesbury-Nepean River (No. 2 - 1997).
6. The subdivision has made inadequate provision for the disposal of onsite effluent.
7. The proposal has the potential to impact on fauna and flora and any threatened species in the area as a result of clearing, site disturbance and inadequate effluent disposal.
8. The subdivision is not in the public interest.

regarding their requirements for the provision of services to the development and the location of existing services that may be affected by the proposed works, either on site or on the adjacent public road(s). Hawkesbury City Council may also require the applicant to obtain a Trade Waste Approval as part of the operation of the approved development. Enquiries should be made of the Council's requirements for the eventual operation of the approved use.

5. No excavation or site works shall be commenced prior to the issue of the construction certificate.
6. All mature trees onsite should be retained and incorporated into the landscaping for the site.

Prior to Issue of Construction Certificate

The following conditions in this section of the consent must be complied with or addressed prior to the issue of any Construction Certificate relating to the approved development, whether by Council or an appropriately accredited certifier. In many cases the conditions require certain details to be included with or incorporated in the detailed plans and specifications which accompany the Construction Certificate. **The Construction Certificate shall be obtained prior to the commencement of any earth works or building works.**

7. A monetary contribution is to be paid to Council, pursuant to Section 94 of the Environmental Planning and Assessment Act 1979, towards the provision of the following public facilities in the locality:

- | | | |
|-----|---------------------------|-----------|
| (a) | Open Space and Recreation | (\$5,545) |
| (b) | Community Facilities | (\$3,561) |

The above contributions have been determined in accordance with Hawkesbury Section 94 Contribution Plan. A copy of the Contributions Plan may be inspected at Council's Offices, George Street, Windsor.

Contributions are to be paid prior to issue of the construction certificate.

The amount of contribution payable under this condition has been calculated on the basis of costs as at the date of consent. In accordance with the provisions of the Contributions Plan, this amount shall be INDEXED at the time of actual payment in accordance with movement in the Consumer Price Index as published by the Australian Bureau of Statistics. In this respect the attached fee schedule is valid for 3 (three) months.

8. A schedule of external finishes for the units is to be submitted to the Principle Certifying authority for approval prior to issue of construction certificate. Consideration should be given to adjoining heritage items in the vicinity.

9. A schedule of finishes for the concrete driveway is to be submitted to the principle Certifying Authority for approval prior to issue of construction certificate.
10. Separate details of the proposed roofwater and surface water drainage system shall be lodged in duplicate for approval. Such details shall be approved prior to issue of construction certificate.
11. Details demonstrating that the proposed buildings comply with the Building Code of Australia are to be submitted to the Principle Certifying Authority for approval.
12. Separate practising structural engineer's details of all structural concrete and steelwork are to be submitted to the Principle Certifying Authority for approval. Note: Details should include sewer piercing specifications.
13. Submission of full designs for access ways including finished contours and site drainage.
14. Payment of a sewer headworks contribution to Council of \$24,100 (twenty four thousand, one hundred dollars). This contribution shall remain fixed for a period of 3 (three) months after which time it will be recalculated at the rate applicable at the time of payment. Payment shall be made prior to the release of the building approval.
15. The sewer line to be located by survey. If the proposed buildings are over the line the sewer is to be relocated clear of the building.
16. The creation of a 3m wide right of carriageway over Lot 122 DP 872359 and its construction with a compacted gravel pavement to provide access to the development in times of flood.
17. All species to be planted along the northwest boundary are to be of a suitable mature height to provide visual screening to adjoining properties. Details to be submitted to Council for approval.

Prior to Commencement of Works

18. Building work that involves residential building work (within the meaning of the *Home Building Act 1989*) must not be commenced unless the principal certifying authority for the development to which the work relates:
 - (a) in the case of work to be done by a licensee under that Act:

QUESTIONS WITHOUT NOTICE:

1. Councillor Gilling referred to a subdivision at the back of 439 Gregs Road, Kurrajong and enquired what the status of this development was.

The Director of Environment & Development advised that this had been advertised as integrated development and that there had been some objection. He advised that there a submission had been received from the applicant's surveyor outlining an alternative which would be reported to the next General Purpose Committee meeting.

2. Councillor Gilling advised that there was a State Heritage Inventory Database available on the Internet which is funded by the Heritage Council.

The Mayor thanked Councillor Gilling for this information.

3. Councillor Gilling referred to correspondence relating to the closure of the Lower Portland Ferry at low tide. She advised that she had been informed that this occurred due to the boat ramps deteriorating under the water and enquired if this was correct.

The Director of Asset Services & Recreation advised that closure was due to the condition of the ramp on the Baulkham Hills side and that work needed to be undertaken to repair this.

Councillor Gilling enquired if Baulkham Hills Council were aware of this and if we could fund this.

The Director of Asset Services & Recreation advised that this was part of the on-going maintenance program of which Baulkham Hills Council would provide 50% of the costs.

4. Councillor Gilling enquired if there was an automatic bilge pump on the renovated ferry.

The Director of Asset Services & Recreation advised that there was a bilge pump which was operated by a manual switch.

Councillor Gilling enquired if there was a danger that the ferry could sink again if enough water got in over night.

The Director of Asset Services & Recreation advised that there was not enough water being made overnight for this to be of concern as it the ferry was pumped out at the beginning and end of each shift.

5. Councillor Gilling enquired if the Lower Portland Ferry had been re-surveyed by the RTA or the Waterways Authority since it was re-floated.

GENERAL PURPOSE COMMITTEE

Minutes

Meeting Date: 3 October 2000

Page 35

The Director of Asset Services & Recreation advised that this had not been done at this stage. He advised that it was last surveyed by a professional marine surveyor and that there was a two year period before it has to be taken out the water and inspected. He further advised that this would be looked at prior to this period.

Councillor Gilling advised that she had been informed by the Authority that commercial vessels needed to be surveyed by divers every quarter or have an annual out-of-the-water inspection.

The General Manager advised that the Authority requirements were that vessels be inspected every two years and every three years if steel hulled.

6. Councillor Gilling enquired if Council's insurers were aware that the vessel does not have a current survey certificate.

The Director of Asset Services & Recreation advised that the vessel did have a current survey certificate which was provided when the vessel was put back in the water and that this is renewed each year prior to re-insurance.

7. Councillor Gilling referred to the pontoon in Governor Phillip Park. She enquired when this was to be re-installed.

The Director of Asset Services & Recreation advised that this matter would be reported to Council as there were no funds available at this stage. He advised that the pontoon had been badly damaged and was non-repairable. He further advised that alternative methods of providing this facility were being investigated at an approximate cost of \$8-9,000.

Councillor Gilling enquired if the two pylons would be removed as they could become a navigation hazard during a flood.

The Director of Asset Services & Recreation advised that it was intended to attach the new pontoon to these two poles.

8. Councillor Gilling enquired if Council had resolved to install boom gates at Governor Phillip Park.

The Director of Asset Services & Recreation advised that Council had not resolved to do this.

9. Councillor Gilling referred to the vacant derelict cottage in Governor Phillip Park and enquired if Council had received quotes to renovate this cottage.

GENERAL PURPOSE COMMITTEE

Minutes

Meeting Date: 3 October 2000

Page 36

Councillor Paine advised that this cottage had been let out by Council to tenants for \$105 per week.

10. Councillor Gilling referred to meetings held by the River Users Committee. She enquired if Council were represented on this Committee and if so, how was this represented elected. She further requested that she be informed of these meetings as she wished to attend.

The Director of Asset Services & Recreation advised that a staff member attended this meetings in an advisory capacity.

The Mayor advised that Councillor Sheather also attended these meetings and that a contact name and address would be provided.

Councillor Paine advised that both Jan Davis and Paul Ryan attended these meetings and may be contacted for further information.

11. Councillor Gilling referred to boat races being held from Webbs Creek to Lower Portland. She advised that she had not seen any of these events reported to Council and enquired if this was because the land being used was on the Baulkham Hills side of the river.

The General Manager advised that he was unaware of these races.

12. Councillor Gilling referred to a sign at McGraths Hill for fill at Pitt Town Road for Danny Hughes. She enquired if Council were aware of this as she believed the property to be on the floodplain.

The Director of Environment & Development advised that there approval had been granted by Council for a residential subdivision on the left hand side going towards Pitt Town approximately 4-5 months ago.

13. Councillor Gilling requested that Council investigate the dumping of rubbish at the RTA site at Packer Road.

The Mayor advised that this would be done.

14. Councillor Gilling advised that concrete had been dumped on West Portland Road, north of Packer Road, and requested that this be removed.

The Mayor advised that this would be done.

15. Councillor Gilling advised that there was a burnt out car dumped at the Council gravel pit and requested that this be removed.

The Mayor advised that this would be done.

16. Councillor Gilling referred to and tabled a salinity report which had been undertaken by the NSW Government. She enquired if Council had ever done a report on salinity in the Hawkesbury.

The General Manager advised that this Council had not done one.

17. Councillor Gilling referred to an item in the Councillors newsletter relating to "Release of the Eco-Villages, a Sustainable Lifestyle Report" by David Kenealy, from Byron Bay. She enquired if Council were going to get a copy of this, and if so could she read it.

The General Manager advised that this would be made available when it was received.

18. Councillor Conolly referred to previous discussions relating to the joining of the two ends of Woods Road. He referred to a previous request for a traffic count on Drummond Street near Airlite Windows. He advised that he had been informed that this information was available but that it had not yet been provided. He enquired if this information was available.

The Director of Asset Services & Recreation advised that he thought that this information was part of the report relating to the closure of the street. He advised that he would investigate this matter and if the information was not available he would have a traffic count undertaken.

19. Councillor Rasmussen advised that the next stage of volumetric conversion within the Water Reform Bill had been implemented. He advised that farmers had been issued with notices on water allocations which were approximately 50% of their current allocation. He enquired what Council were going to do in order to make representations on behalf of the farmers.

The Mayor advised that he had recently held discussions with the Minister for Agriculture who is well aware of our concerns and that Council were in a position to follow up this matter with the David Mason from the Department of Agriculture.

Councillor Rasmussen advised that he felt that the Department of Land and Water Conservation needed to be approached as farmers had only been given 28 days in which to lodge an objection. He enquired if there was a process within Council to help the farmers become aware of what they can do and facilitate the process.

The General Manager advised that Council had resolved to contact the Government agencies and Ministers in this regard. He further advised that the only other thing Council could do would be to collect accurate information on past usage from farmers and how it can be justified on their land to enable Council to press the case.

Councillor Rasmussen advised that it was difficult for the farmers to achieve this and that the DLWC agree that this is a difficult process as they also did not have precise figures causing them to make estimates.

Councillor Paine suggested that Councillor Rasmussen prepare a Notice of Motion for the next Ordinary meeting in relation to this matter.

Councillor Allan advised that the Hawkesbury Economic Development Advisory Committee were dealing with this as a matter of priority. She further advised that a Board meeting was to be held on Friday and would also be attending a Free Growers Association meeting on Friday night.

20. Councillor Rasmussen referred to two steel plates which have been attached to the top of the Yarramundi Bridge. He enquired if this would be permanent, if more plates were proposed for the bridge and if this was a safety issue.

The Director of Asset Services & Recreation advised that he had been contacted by the RTA who are undertaking maintenance work on the bridge. He further advised that he was unaware of the extent of these works and that he would investigate and advise.

21. Councillor Rasmussen referred to the illegal dumping of rubbish at Yarramundi Reserve, in particular 20 drums of toxic material. He enquired when this rubbish would be removed.

The Director of Environment & Development advised that quotes had been received from an earth moving contractor to enter the land and move the material. He advised that the car bodies would be removed to the roadside where Council's contractors would remove them and that the other waste would be taken to the tip. He advised that he is unsure when this work is to commence.

Councillor Rasmussen enquired if the drums of toxic material would remain on this site until this time.

The Director of Environment & Development advised that these drums had been inspected and that he had been advised that these drums were stable and would be removed with the rest of the waste. He further advised that he would make further enquiries in relation to the stability of the drums.

22. Councillor Rasmussen referred to the eastern side approach to the Yarramundi Bridge. He advised that rubbish was being dumped in this area and enquired if we had any jurisdiction over this land as it was in Penrith City Council's LGA.

The Director of Environment & Development advised that he was aware of this rubbish dumping and that he would take up this issue with Penrith Council.
