Previous Item: 98, Ordinary (14 April 2005)

REPORT:

The subject development application is reported separately to Council as Item 98. Since preparing the assessment report, it has come to our attention that some of the information contained in the consultants' reports and plans was not amended to reflect changes proposed by the applicant. In particular the applicant has advised that the area of trees to be removed has been reduced.

To allow the applicant an opportunity to provide accurate and up to date information and to facilitate further negotiation based on that information it is recommended that the application be deferred.

RECOMMENDATION:

Council defer consideration of development application no. 1252/03 pending a further report to Council.
